Item 4 – Advisory Services

A. Firm Information

Prosperity Advisory Group LLC (“PAG” or the “Advisor”) is a Registered Investment Advisor with the U.S. Securities and Exchange Commission (“SEC”). The Advisor was organized as a Limited Liability Company (“LLC”) under the laws of the State of New York in August 2020 and became a Registered Investment Advisor in October 2020. PAG is owned and operated by John Harnish (Principal and Chief Compliance Officer). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by PAG.

B. Advisory Services Offered

PAG offers investment advisory services to individuals, high net worth individuals, trusts, estates, charitable organizations, businesses, and retirement plans (each referred to as a “Client”).

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. PAG’s fiduciary commitment is further described in the Advisor’s Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Investment Management Services

PAG provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related advisory services. PAG works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. PAG will then construct an investment portfolio, consisting of diversified mutual funds and/or exchange-traded funds (“ETFs”) to achieve the Client’s investment goals. The Advisor may also utilize individual stocks, individual bonds and/or variable annuities to meet the needs of its Clients. The Advisor may retain certain legacy investments based on portfolio fit and/or tax considerations.

PAG’s investment approach is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held for less than one year to meet the objectives of the Client or due to market conditions. PAG will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

PAG evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. PAG may recommend, on occasion, redistributing investment allocations to diversify the portfolio. PAG may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. PAG may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of the Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

At no time will PAG accept or maintain custody of a Client’s funds or securities, except for the limited authority as outlined in Item 15 – Custody. All Client assets will be managed within the designated account[s] at the Custodian, pursuant to the terms of the advisory agreement. Please see Item 12 – Brokerage Practices.

Retirement Accounts – When the Advisor provides investment advice to Clients regarding ERISA retirement accounts or individual retirement accounts (“IRAs”), the Advisor is a fiduciary within the meaning of Title I of the Employee Retirement Income Security Act (“ERISA”) and/or the Internal Revenue Code (“IRC”), as applicable, which are laws governing retirement accounts. When deemed to be in the Client’s best interest, the Advisor will provide investment advice to a Client regarding a distribution from an ERISA retirement account or to roll over the assets to an IRA, or recommend a similar transaction including rollovers from one ERISA sponsored Plan to another, one IRA to another IRA, or from one type of account to another account (e.g. commission-based account

to fee-based account). Such a recommendation creates a conflict of interest if the Advisor will earn a new (or increase its current) advisory fee as a result of the transaction. No client is under any obligation to roll over a retirement account to an account managed by the Advisor.

Participant Account Management – As part of the Advisor’s Investment Management Services, when appropriate, the Advisor will use a third party platform to facilitate management of held away assets such as defined contribution plan participant accounts, with discretion. The platform allows the Advisor to avoid being considered to have custody of Client funds since the Advisor does not have direct access to Client log-in credentials to affect trades. The Advisor is not affiliated with the platform in any way and does not receive compensation from them for using their platform. A link will be provided to the Client allowing them to connect an account(s) to the platform. Once Client account(s) is connected to the platform, the Advisor will review the current account allocations. When deemed necessary, the Advisor will rebalance the account considering client investment goals and risk tolerance, and changes in allocations will take into account current economic and market trends. The goal is to improve account performance over time, minimize loss during difficult markets, and manage internal fees that harm account performance. Client account(s) will be reviewed at least quarterly and allocation changes will be made as deemed necessary.

Financial Planning Services

PAG will typically provide a variety of financial planning and consulting services to Clients, pursuant to a written financial planning agreement. Services are offered in several areas of a Client’s financial situation, depending on their goals and objectives. Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client’s financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, investment planning, retirement planning, personal savings, education savings, insurance needs and other areas of a Client’s financial situation. A financial plan developed for, or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs.

PAG may also refer Clients to an accountant, attorney or other specialists, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of the Client’s financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six (6) months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations pose a conflict between the interests of the Advisor and the interests of the Client. For example, the Advisor has an incentive to recommend that Clients engage the Advisor for investment management services or to increase the level of investment assets with the Advisor, as it would increase the amount of advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

Retirement Plan Advisory Services

PAG provides retirement plan advisory services on behalf of the retirement plans (each a “Plan”) and the company (the “Plan Sponsor”). The Advisor’s retirement plan advisory services are designed to assist the Plan Sponsor in meeting its fiduciary obligations to the Plan and its Plan Participants. Each engagement is customized to the needs of the Plan and Plan Sponsor. Services generally include:

- Vendor Analysis
- Plan Participant Enrollment and Education Tracking
- Investment Policy Statement (“IPS”) Design and Monitoring
- Investment Oversight Services (ERISA 3(21))
- Performance Reporting
- Ongoing Investment Recommendation and Assistance

These services are provided by PAG serving in the capacity as a fiduciary under the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). In accordance with ERISA Section 408(b)(2), the Plan Sponsor is provided with a written description of PAG’s fiduciary status, the specific services to be rendered and all direct and indirect compensation the Advisor reasonably expects under the engagement.

C. Client Account Management

Prior to engaging PAG to provide investment advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – PAG, in connection with the Client, will develop a strategy that seeks to achieve the Client’s goals and objectives.
- Asset Allocation – PAG will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – PAG will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – PAG will provide investment management and ongoing oversight of the Client’s investment portfolio.

D. Wrap Fee Programs

PAG includes securities transaction fees and custody fees together with its investment advisory fee. Including these fees into a single asset-based fee is considered a “Wrap Fee Program”. The Advisor sponsors the PAG Wrap Fee Program solely as a supplemental disclosure regarding the combination of fees. The Advisor customizes its investment management services for its Clients and does not provide different services for Clients in the Wrap Fee Program. Depending on the level of trading or the security selection required for the Client’s account[s], the costs for securities transaction fees borne by the Advisor may vary. Held-away assets are excluded from the PAG Wrap Fee Program. Please see Appendix 1 – Wrap Fee Program Brochure, which is included as a supplement to this Disclosure Brochure.

E. Assets Under Management

As of December 31, 2022, PAG manages \$176,791,877 in Client assets, all of which are managed on a discretionary basis. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into one or more written agreements with the Advisor.

A. Fees for Advisory Services

Investment Management Services

Investment advisory fees are paid quarterly, advance of each calendar quarter, pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the market value of assets under management at the end of the prior calendar quarter. Investment advisory fees are based on the following schedule:

Assets Under Management (\$)	Annual Rate (%)
Up to \$1,000,000	1.25%
\$1,000,001 to \$3,000,000	1.00%
Over \$3,000,000	0.75%

*The Advisor imposes a minimum fee of \$1,000 for Investment Management Services

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by PAG will be independently valued by the Custodian. The Advisor will conduct periodic reviews of the Custodian's valuations.

Financial Planning Services

Initial Financial Plan Development - The Initial financial plan development is a one-time engagement offered for a fixed fee ranging up to \$3,000. Fees may be negotiable based on the on the nature and complexity of the services to be provided and the overall relationship with the Advisor.

Ongoing Annual Review – Ongoing financial planning reviews are charged a fixed fee of \$500 per year. Fees may be negotiable based on the on the nature and complexity of the services to be provided and the overall relationship with the Advisor.

Retirement Plan Advisory Services

Fees for retirement plan advisory services are charged an annual asset-based fee of up to 0.50% and are billed quarterly in advance of each calendar quarter pursuant to the terms of the retirement plan advisory agreement. Retirement plan advisory fees are based on the market value of assets under management at the end of the prior calendar quarter. Fees may be negotiable depending on the size and complexity of the Plan.

B. Fee Billing

Investment Management Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the respective quarter. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with PAG at the end of the prior quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. Clients are urged to also review brokerage statements from the Custodian, as the Custodian does not perform verification of fees. Clients provide written authorization permitting advisory fees to be deducted by PAG to be paid directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Financial Planning Services

Financial planning fees for the initial financial plan development may be invoiced up to fifty percent (50%) of the expected total fee upon execution of the financial planning agreement. The balance shall be invoiced upon completion of the agreed upon deliverable[s]. Financial planning fees for the ongoing annual review are billed quarterly in advance of each calendar quarter.

Retirement Plan Advisory Services

Retirement plan advisory fees may be directly invoiced to the Plan Sponsor or deducted from the assets of the Plan, depending on the terms of the retirement plan advisory agreement.

C. Other Fees and Expenses

PAG includes securities transaction fees as part of its overall investment advisory fee through the PAG Wrap Fee Program. Securities transaction fees for Client-directed trades may be charged back to the Client. Please see Item 4.D. above as well as Appendix 1 – Wrap Fee Program Brochure.

Clients may incur certain fees or charges imposed by third parties, other than PAG, in connection with investments made on behalf of the Client's account[s]. The Advisor has negotiated a fixed rate with its recommended Custodian for securities transaction fees, which is based on assets under management in the Client's account[s]. Certain accounts may be excluded from this fixed rate arrangement. The Advisor's recommended Custodian may not charge securities transaction fees for ETF and equity trades in certain Client account[s], provided that the account meets the terms and conditions of the Custodian's brokerage requirements. However, the Custodian often charges

for mutual funds and other types of investments. The Advisor, in its fiduciary duty, will select the investments most appropriate for the Client's investment portfolio[s], regardless of securities transaction costs.

In addition, all fees paid to PAG for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of PAG, but would not receive the services provided by PAG which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by PAG to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Investment Management Services

PAG may be compensated for its investment management services in advance of the quarter in which services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the quarter. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Financial Planning Services

PAG requires an advance deposit as described above. Either party may terminate the financial planning agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be billed for the percentage of the engagement scope completed by the Advisor and the Advisor will refund any unearned, prepaid planning fees from the effective date of termination. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

Retirement Plan Advisory Services

PAG is compensated for its retirement plan services at the beginning of the quarter before services are rendered. Either party may terminate the retirement plan advisory agreement, at any time, by providing advance written notice to the other party. The Client shall be responsible for retirement plan advisory fees up to and including the effective date of termination. Upon termination, the Advisor will refund any unearned, prepaid retirement plan advisory fees from the effective date of termination to the end of the quarter. The Client's retirement plan advisory agreement with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

Mr. Harnish is also Registered Representative of Cadaret, Grant & Co., Inc. ("Cadaret Grant"). Cadaret Grant is a registered broker-dealer (CRD No. 10641) member FINRA, SIPC. In his separate capacity as a Registered Representative, Mr. Harnish may implement securities transactions under Cadaret Grant and not through PAG. In such instances, he will receive commission-based compensation in connection with the purchase and sale of securities, including 12b-1 fees for the sale of investment company products. Compensation earned as a Registered Representative is separate from PAG's fees. Clients are not obligated to implement any recommendation provided by the Advisor nor Advisory Persons. Neither the Advisor nor Advisory Persons will earn ongoing investment advisory fees in connection with any products or services implemented in Mr. Harnish's separate capacity as a Registered Representative. Please see Item 10 below.

Mr. Harnish is also licensed as an independent insurance professional. Mr. Harnish will earn commission-based compensation for selling insurance products, including insurance products he sells to Clients. Insurance

commissions earned by Mr. Harnish are separate and in addition to advisory fees. This practice presents a conflict of interest as there may be an incentive to recommend insurance products to Clients for the purpose of generating commissions rather than solely based on Client needs. However, Clients are under no obligation, contractually or otherwise, to purchase insurance products through any person affiliated with the Advisor. Please see Item 10 below.

Item 6 – Performance-Based Fees and Side-By-Side Management

PAG does not charge performance-based fees for its investment advisory services. The fees charged by PAG are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client. PAG does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

PAG offers investment advisory services to individuals, high net worth individuals, trusts, estates, charitable organizations, businesses, and retirement plans. PAG generally does not impose a minimum relationship size. However, the Advisor imposes a minimum annual fee of \$1,000. This fee may be waived at the sole discretion of the Advisor.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

PAG's overall investment strategy, based on the demographics of its Client base, is to manage accounts to protect and grow the Client's assets and provide income during retirement. To accomplish this, PAG primarily employs a tactical asset allocation investment strategy to manage client portfolios. PAG meets with Clients to get a clear understanding of their investment goals and the amount of risk they are willing to take to attain these goals. Based on this information and the current market conditions, the Advisor develops a target asset allocation. In developing the targets, the Advisor will set a higher (overweight) allocation target to sectors that are anticipated to outperform others and a lower (underweight) allocation target to sectors that are anticipated to under-perform. As market conditions change, the asset allocation targets will be reviewed and updated as appropriate. In addition, asset allocation targets are updated if there is a change in the Client's investment objective.

PAG also employs a fundamental analysis method in developing investment strategies for its Clients. *Fundamental analysis* utilizes economic and business indicators as investment selection criteria. This criteria consists generally of ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

As noted above, PAG generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. PAG will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, PAG may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account[s]. The Advisor uses screening tools and research reports, as well as conducts due diligence with analysts, portfolio managers and strategists with money management firms. This information is used to determine which investments are best suited for the Client. The Advisor may utilize one or more the following general securities publications and research materials to assist with its process:

- Morningstar Principia Mutual Fund Advanced
- Value Line Investment Survey
- Investment News Daily
- Barron's
- Investment Advisor
- Journal of Financial Planners
- Financial Planning
- Financial Advisor
- Profiles Plus
- Continuing Education Programs
- Internet sources

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. PAG will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's investment approach:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs have a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Bond Risks

Bonds are subject to specific risks, including the following: (1) interest rate risks, i.e. the risk that bond prices will fall if interest rates rise, and vice versa, the risk depends on two things, the bond's time to maturity, and the coupon rate of the bond. (2) reinvestment risk, i.e. the risk that any profit gained must be reinvested at a lower rate than was previously being earned, (3) inflation risk, i.e. the risk that the cost of living and inflation increase at a rate that exceeds the income investment thereby decreasing the investor's rate of return, (4) credit default risk, i.e. the risk

associated with purchasing a debt instrument which includes the possibility of the company defaulting on its repayment obligation, (5) rating downgrades, i.e. the risk associated with a rating agency's downgrade of the company's rating which impacts the investor's confidence in the company's ability to repay its debt and (6) Liquidity Risks, i.e. the risk that a bond may not be sold as quickly as there is no readily available market for the bond.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Tactical Asset Allocation

There is risk associated with any investment strategy, including tactical asset allocation. The Client must be aware of the following risks associated with a tactical asset allocation strategy:

- There is no guarantee that the use of this strategy will provide a higher performance than the use of other investment strategies.
- This strategy relies on an accurate reading of market conditions and the future direction of the market. There is no guarantee that the anticipated asset allocation targets will outperform other sectors.
- Clients may be exposed to tax consequences due to capital gains/losses from the sale of securities to rebalance accounts. Some of the capital gains could be short-term, which are taxed at a higher rate.
- Fund companies may place restrictions on an account for violating a Fund's short-term trading policy. While this is possible, PAG seeks to avoid processing trades in Client's accounts that would subject the Client to short-term trading fees or account restrictions.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

On June 6, 2022, John Harnish d/b/a KM Advisory Services, entered a settlement with the U.S. Securities and Exchange Commission (SEC) surrounding historical practices of recommending to advisory Clients certain mutual funds that paid 12b-1 fees and charged commissions. Without admitting or denying the SEC's findings, John Harnish, d/b/a KM Advisory Services, agreed to (1) cease and desist from committing or causing any violations and any future violations of Sections 206(2) and 206(4) of the Advisers Act and Rule 206(4)-7 promulgated thereunder, (2) a censure, and (3) pay disgorgement of \$220,097.30, prejudgment interest of \$5,549.69, and a civil monetary penalty of \$75,000. A copy of the Order is available at <https://www.sec.gov/litigation/admin/2022/34-95047.pdf>. The backgrounds of the Advisor or Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 310720.

Item 10 – Other Financial Industry Activities and Affiliations

Broker-Dealer Affiliation

As noted in Item 5, Mr. Harnish is also a Registered Representative of Cadaret Grant. In his separate capacity as a Registered Representative, Mr. Harnish will receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation provided by Mr. Harnish. Neither the Advisor nor Mr. Harnish will earn ongoing investment advisory fees in connection with any services implemented in Mr. Harnish's separate capacity as a Registered Representative.

Insurance Agency Affiliations

As noted in Item 5, Mr. Harnish is also a licensed insurance professional. Implementations of insurance recommendations are separate and apart from his role with PAG. As an insurance professional, Mr. Harnish will receive customary commissions and other related revenues from the various insurance companies whose products are sold. Mr. Harnish is not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This practice presents a conflict of interest in

recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by Mr. Harnish or the Advisor.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

PAG has implemented a Code of Ethics (the “Code”) that defines the Advisor’s fiduciary commitment to each Client. This Code applies to all persons associated with PAG (“Supervised Persons”). The Code was developed to provide general ethical guidelines and specific instructions regarding the Advisor’s duties to each Client. PAG and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of PAG’s Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of the Code, please contact the Advisor at (585) 381-5900.

B. Personal Trading with Material Interest

PAG allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. PAG does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. PAG does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

PAG allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that are recommended (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed to Clients and mitigated through policies and procedures. As noted above, the Advisor has adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by PAG requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer (“CCO”) or delegate. The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While PAG allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will PAG, or any Supervised Person of PAG, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

PAG does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the “Custodian”) to safeguard Client assets and authorize PAG to direct trades to the Custodian as agreed upon in the investment advisory agreement. Further, PAG does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Where PAG does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost from the Advisor associated with using a custodian not recommended by PAG. However, the Advisor may be limited in the services it can provide if the recommended Custodian is not engaged. As Mr. Harnish is also a Registered Representative of Cadaret Grant, he may be limited and must receive approval before using a custodian. PAG may recommend the Custodian based on criteria such

as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, and its reputation and/or the location of the Custodian's offices.

PAG will generally recommend that Clients establish their account[s] at Fidelity Clearing & Custody Solutions and related entities of Fidelity Investments, Inc. (collectively "Fidelity"), Fidelity is a FINRA-registered broker-dealer and member SIPC and will serve as the Client's "qualified custodian". PAG maintains an institutional relationship with Fidelity, whereby the Advisor receives economic benefits from Fidelity. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

- Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and other services. PAG does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor receives certain economic benefits from the Custodian. Please see Item 14 below.
- Brokerage Referrals - PAG does not receive any compensation from any third party in connection with the recommendation for establishing an account.
- Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where PAG will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). PAG will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. PAG will execute its transactions through the Custodian as authorized by the Client. PAG may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Clients' accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Mr. Harnish. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify PAG if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage

statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by PAG

Participation in Institutional Advisor Platform

PAG has established an institutional relationship with Fidelity to assist the Advisor in managing Client account[s]. Access to the Fidelity platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Fidelity. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a conflict of interest since these benefits may influence the Advisor's recommendation of this Custodian over one that does not furnish similar software, systems support, or services.

The following benefits are also received from Fidelity: financing services, receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

B. Compensation for Client Referrals

The Advisor does not compensate, either directly or indirectly, any persons who are not supervised persons, for Client referrals.

Item 15 – Custody

PAG does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct PAG to utilize that Custodian for the Client's security transactions. Clients should review statements provided by the Custodian and compare to any reports provided by PAG to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices.

If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client's instructions.

Item 16 – Investment Discretion

PAG generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by PAG. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by PAG will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

PAG does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Neither PAG, nor any of its Advisory Persons, have been subject to a bankruptcy or financial compromise. PAG is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect advance fees of \$1,200 or more for services to be performed six months or more in the future.

Item 4 – Services Fees and Compensation

A. Services

Prosperity Advisory Group LLC (“PAG” or the “Advisor”) provides customized investment advisory services for its Clients. This Wrap Fee Program Brochure is provided as a supplement to the PAG Disclosure Brochure (Form ADV 2A). This Wrap Fee Program Brochure is provided along with the complete Disclosure Brochure to provide full details of the business practices and fees when selecting PAG as your investment advisor.

As part of the investment advisory fees noted in Item 5 of the Disclosure Brochure, PAG includes securities transaction fees and custody fees as part of its overall investment advisory fee through this Wrap Fee Program. Securities regulations often refer to this combined fee structure as a “Wrap Fee Program”.

When the Advisor provides investment advice to Clients regarding ERISA retirement accounts or individual retirement accounts (“IRAs”), the Advisor is a fiduciary within the meaning of Title I of the Employee Retirement Income Security Act (“ERISA”) and/or the Internal Revenue Code (“IRC”), as applicable, which are laws governing retirement accounts. When deemed to be in the Client’s best interest, the Advisor will provide investment advice to a Client regarding a distribution from an ERISA retirement account or to roll over the assets to an IRA, or recommend a similar transaction including rollovers from one ERISA sponsored Plan to another, one IRA to another IRA, or from one type of account to another account (e.g. commission-based account to fee-based account). Such a recommendation creates a conflict of interest if the Advisor will earn a new (or increase its current) advisory fee as a result of the transaction. No client is under any obligation to roll over a retirement account to an account managed by the Advisor.

The sole purpose of this Wrap Fee Program Brochure is to provide additional disclosure relating the combination of Covered Costs into a single “bundled” investment advisory fee. This Wrap Fee Program Brochure references back to the PAG Disclosure Brochure in which this Wrap Fee Program Brochure serves as an Appendix. Please note, held-away assets are excluded from the PAG Wrap Fee Program. **Please see Item 4 – Advisory Services of the Disclosure Brochure for details on PAG’s investment philosophy and related services.**

B. Program Costs

Advisory services provided by PAG are offered in a wrap fee structure whereby securities transaction fees are included together with investment advisory fees into a single, combined fee. The Advisor does not have a higher fee schedule for Clients offered this Wrap Fee Program. **Please see Item 5 – Fees and Compensation of the Disclosure Brochure for complete details on fees.**

C. Fees

Investment advisory fees are paid quarterly, advance of each calendar quarter, pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the market value of assets under management at the end of the prior calendar quarter. Investment advisory fees are based on the following schedule:

Assets Under Management (\$)	Annual Rate (%)
Up to \$1,000,000	1.25%
\$1,000,001 to \$3,000,000	1.00%
Over \$3,000,000	0.75%

*The Advisor imposes a minimum fee of \$1,000 for Investment Management Services

The investment advisory fee in the first quarter of service is prorated from the inception date of the Client’s account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client’s fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by PAG will be independently valued by the Custodian. PAG will not have the authority or responsibility to value portfolio securities.

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client’s account[s]. Under this Wrap Fee Program, PAG includes securities transactions costs as part of its overall investment advisory fee. The Advisor has negotiated a fixed rate with its recommended Custodian for securities

transaction fees, which is based on assets under management in the Client's account[s]. Certain accounts may be excluded from this fixed rate arrangement. In such instances, the Advisor may utilize certain investments that the Custodian provides with no-transaction fee ("NTF Investments"). Advisory Persons of the Advisor, in their fiduciary duty, will always seek the most appropriate investments for inclusion in a Client's portfolio. As such, the Advisor has an incentive to utilize NTF Investments to limit the overall cost to the Advisor. The Advisor will only place Client assets into a Wrap Free Program when it is believed to be in the Client's best interest. The Advisor, in its fiduciary duty, will select the investments most appropriate for the Client's investment portfolio[s], regardless of securities transaction costs.

In addition, all fees paid to PAG for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of PAG, but would not receive the services provided by PAG which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by PAG to fully understand the total fees to be paid. Please see Item 5.C. – Other Fees and Expenses in the Disclosure Brochure (included with this Wrap Fee Program Brochure).

D. Compensation

PAG is the sponsor and portfolio manager of this Wrap Fee Program. PAG receives investment advisory fees paid by Clients for participating in the Wrap Fee Program and pays the Covered Costs associated with the management of the Client's account[s].

Item 5 – Account Requirements and Types of Clients

PAG offers investment advisory services to individuals, high net worth individuals, trusts, estates, charitable organizations, and businesses. PAG generally does not impose a minimum relationship size.

Item 6 – Portfolio Manager Selection and Evaluation

Portfolio Manager Selection

PAG serves as sponsor and as portfolio manager for the services under this Wrap Fee Program.

Related Persons

PAG personnel serve as portfolio managers for this Wrap Fee Program. PAG does not serve as a portfolio manager for any third-party wrap fee programs.

Performance-Based Fees

PAG does not charge performance-based fees.

Methods of Analysis

Please see Item 8 of the Disclosure Brochure (included with this Wrap Fee Brochure) for details on the research and analysis methods employed by the Advisor.

Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. PAG will assist Clients in determining an appropriate strategy

based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account[s]. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor. Please see Item 8.B. – Risk of Loss in the Disclosure Brochure for details on investment risks.

Proxy Voting

PAG does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. Further, the Advisor does not participate in any legal proceedings involving investments held in Client accounts. The Advisor will assist in answering questions relating to proxies and other matters, however, the Client retains the sole responsibility for decisions, voting and related activities. The Custodian will send these materials directly to the Client. If the Client instead directs these documents to the Advisor's attention, the Client is advised that the Advisor will not be responsible to take action on proxies and legal proceedings.

Item 7 – Client Information Provided to Portfolio Managers

PAG is the sponsor and sole portfolio manager for the Wrap Fee Program. The Advisor does not share Client information with other portfolio managers because it is the sole portfolio manager for this Wrap Fee Program. Please also see the PAG Privacy Policy (included after this Wrap Fee Program Brochure).

Item 8 – Client Contact with Portfolio Managers

PAG is a full-service investment management advisory firm. Clients always have direct access to the Advisory Persons at PAG.

Item 9 – Additional Information

A. Disciplinary Information and Other Financial Industry Activities and Affiliations

On June 6, 2022, John Harnish d/b/a KM Advisory Services, entered a settlement with the U.S. Securities and Exchange Commission (SEC) surrounding historical practices of recommending to advisory Clients certain mutual funds that paid 12b-1 fees and charged commissions. Without admitting or denying the SEC's findings, John Harnish, d/b/a KM Advisory Services, agreed to (1) cease and desist from committing or causing any violations and any future violations of Sections 206(2) and 206(4) of the Advisers Act and Rule 206(4)-7 promulgated thereunder, (2) a censure, and (3) pay disgorgement of \$220,097.30, prejudgment interest of \$5,549.69, and a civil monetary penalty of \$75,000. A copy of the Order is available at <https://www.sec.gov/litigation/admin/2022/34-95047.pdf>. The backgrounds of the Advisor and its Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 310720.

Please see Item 9 of the PAG Disclosure Brochure as well as Item 3 of each Advisory Person's Brochure Supplement for additional information on how to research the background of the Advisor and its Advisory Persons.

Other Financial Activities and Affiliations

Broker-Dealer Affiliation – As noted in Item 10 of the Disclosure Brochure, Mr. Harnish is also a Registered Representative of Cadaret Grant. In his separate capacity as a Registered Representative, Mr. Harnish will receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation provided by Mr. Harnish. Neither the Advisor nor Mr. Harnish will earn ongoing investment advisory fees in connection with any services implemented in Mr. Harnish's separate capacity as a Registered Representative.

Insurance Agency Affiliations – As noted in Item 10 of the Disclosure Brochure, Mr. Harnish is also a licensed insurance professional. Implementations of insurance recommendations are separate and apart from his role with PAG. As an insurance professional, Mr. Harnish will receive customary commissions and other related revenues from the various insurance companies whose products are sold. Mr. Harnish is not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This practice presents a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by Mr. Harnish or the Advisor.

Please see Items 10 and 14 of the Form ADV Part 2A – Disclosure Brochure (included with this Wrap Fee Brochure).

B. Code of Ethics, Review of Accounts, Client Referrals, and Financial Information

PAG has implemented a Code of Ethics that defines our fiduciary commitment to each Client. This Code of Ethics applies to all persons subject to PAG's compliance program (our "Supervised Persons"). Complete details on the PAG Code of Ethics can be found under Item 11 – Code of Ethics, Participation in Client Transactions and Personal Trading in the Disclosure Brochure (included with this Wrap Fee Program Brochure).

Review of Accounts

Securities in Client accounts are monitored on a regular and continuous basis by Mr. Harnish. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client. Details of the review policies and practices are provided in Item 13 of the Form ADV Part 2A – Disclosure Brochure.

Other Compensation

Institutional Advisor Platform (Fidelity) - PAG has established an institutional relationship with Fidelity to assist the Advisor in managing Client account[s]. Access to the Fidelity platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Fidelity. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a conflict of interest since these benefits may influence the Advisor's recommendation of this Custodian over one that does not furnish similar software, systems support, or services.

The following benefits are also received from Fidelity: financing services, receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

Please see Item 14 – Other Compensation in the Form ADV Part 2A – Disclosure Brochure (included with this Wrap Fee Brochure) for details on additional compensation that may be received by PAG or its Advisory Persons. Each Advisory Person's Brochure Supplement (also included with this Wrap Fee Brochure) provides details on any outside business activities and the associated compensation.

Compensation for Client Referrals

The Advisor does not compensate, either directly or indirectly, any persons who are not supervised persons, for Client referrals.

Financial Information

Neither PAG, nor its management has any adverse financial situations that would reasonably impair the ability of PAG to meet all obligations to its Clients. Neither PAG, nor any of its Advisory Persons, has been subject to a bankruptcy or financial compromise. PAG is not required to deliver a balance sheet along with this Disclosure Brochure, as the firm does not collect advance fees of \$1,200 or more for services to be performed six months or more in advance. Please see Item 18 of the Form ADV Part 2A – Disclosure Brochure.

CERTIFIED FINANCIAL PLANNER™ (“CFP®”)

The CERTIFIED FINANCIAL PLANNER™, CFP®, and federally registered CFP® (with flame design) marks (collectively, the “CFP® marks”) are professional certification marks granted in the United States by Certified Financial Planner™ Board of Standards, Inc. (“CFP Board”).

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 87,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- *Education* – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP Board's studies have determined as necessary for the competent and professional delivery of financial planning services. CFP Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- *Examination* – Pass the comprehensive CFP® Certification Examination. The examination includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real-world circumstances;

- *Ethics* – Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board's enforcement process, which could result in suspension or permanent revocation of their CFP®.
